

Minutes of the M.D. Council of Lambton

The council met at 8:15 on Sat. evening, Dec. 17, 1935. A quorum of all councillors were present.

Minutes of previous meeting were read and approved. Mr. Nelson moved that the minutes of council for Nov. 27 be adopted.

The matter of the date of appointment of Dr. Blumson as M.D. was discussed, and it was moved by Mr. Nelson that the date of Dr. Blumson's appointment be changed to read on Jan. 1st, 1936.

The matter of continuing to be associated with Ontario, Prince and Somerset school districts was considered. Mr. Nelson stated that he had spoken to the acting Deputy Minister of Municipal Affairs regarding these districts, and that it had been suggested some of them be assigned. Apparently, however, there was a misunderstanding at those schools, and it would be difficult to discontinue any of them.

Moved by the Bore that the Education be not in a position to continue to have the school districts on longer, on the large over-draft of these districts be required by the end of the year.

The minutes of the council were read and approved.

Hon. Dr. Cross Says Relief Has Become a Racket

Hon. Dr. W. W. Cross, minister of health, in the provincial government, made an announcement regarding relief on Friday last week. The minister said the government was aware that relief had become a graft and racket in many cases, and that this state of affairs would have to stop. He called on municipalities to investigate all cases of relief coming under their notice, and the police would take charge of relief investigation in unincorporated districts.

Italy's Wheat Imports

A few years ago Italy was a very large importer of wheat, but in 1935, Canada was reported to be the largest supplier.

During the past few years Italy has imported less wheat than in previous years, and it is believed that Italy's wheat imports will be reduced in the future.

Italy's wheat imports are now being supplied by Canada, and it is believed that Italy's wheat imports will be reduced in the future.
